But it is easy to prevent these consequences, and remove their cause by a course of ficetetter's Stonisch Bitters, which etimulates the billiary organ and regulates its action. The direct result is a disappearance of the pains baneath the ribs and through the shoulder blade, the nauses, headaches, yellowness of the skin, furred look of the tongue, and sour odor of the bresth, which characterize liver complaint. Sound digestion and a regular habit of body are blessings also secured by the use of this calebra-ted restorative of health, which imparts a degree of vigor to the body which is its best gnarantee of safety from malarial epidemics.
